Noah Muller

Health & Safety Professional

Profile

A dedicated and proactive professional leveraging over 10 years of experience in high-risk industries, including 2+ years in leadership roles, to transition into the Occupational Health and Safety field. Proven ability to train teams, implement safety protocols, and foster a safety-first culture in environments like construction and landscaping. Combines a deep, scientific understanding of ergonomics and injury prevention with technical skills in data analysis and application development to create innovative, data-driven safety solutions.

Safety & Leadership Experience

Landscaper/Lead Hand

2024-Present

Actual Landscaping | Maple Ridge, BC

- Provide hands-on safety training and orientation for new hires, focusing on company policies and site-specific hazards.
- Ensure the safe operation of heavy equipment by implementing and performing pre-operational checks and routine maintenance.
- Lead small teams on projects, coordinating with supervisors to ensure tasks are performed safely, on time, and within scope.

Education

Bachelor of Human Kinetics
University of British Columbia
2019-2021

**Associate Degree of
Exercise Science**
Capilano University
2015-2018

Certifications

- First Aid & CPR-C
- WHMIS
- Skidsteer Operator
- Registered Kinesiologist
- Health Promotion Foundations

Landscape Supervisor

2021-2023

Landesign Landscape Construction Ltd. | Vancouver, BC

- Championed a safety-conscious culture for a team of 5+ crew members, leading to a consistent record of incident-free project completion.
- Conducted daily tailgate meetings to identify and mitigate job-site hazards, ensuring all crew members understood safety protocols.
- Trained and mentored junior staff on safe work practices, including proper lifting techniques (ergonomics), equipment operation, and correct use of PPE.
- Acted as the primary on-site safety liaison for clients and subcontractors, managing expectations and ensuring project alignment with safety standards.

Previous Relevant Experience

2008-2021

- **Warehouse Worker, Sysco Canada:** Operated in a fast-paced environment with a focus on manual material handling safety and equipment operation.
- **Construction Worker, Mierau Construction Ltd.:** Gained direct experience with construction site safety protocols, hazard awareness, and working at heights.
- **Hardscape Installer & Landscaper:** Developed a strong understanding of the physical demands and risks associated with manual labour, reinforcing the importance of ergonomic best practices.
